SPECIAL ISSUE

28TH BINGHAMTON SYMPOSIUM: CHANGING THE FACE OF THE EARTH - ENGINEERING GEOMORPHOLOGY

Edited by

RICK GIARDINO[a], DICK MARSTON[b] AND MARIE MORISAWA[†]

[a]*Texas A & M Universtiy, Office of Graduate Studies, Office of the Vice President for Research & Provost Graduate Studies, College Station, TX 77843-1113, USA*

[b]*University of Wyoming, Department of Geography and Recreation, P.O. Box 3371, Laramie, WY 82071-3371, USA*

CONTENTS

Introduction 1

Sheet fractures, other stress forms and some engineering implications
J.R. Vidal Romaní and C.R. Twidale 13
Fracture characteristics in weathered granites
J. Ehlen 29
The role of thermal stress fatigue in the breakdown of rock in cold regions
K. Hall 47
Geomorphological aspects of road construction in a cold environment, Finland
M. Seppälä 65
Engineering geomorphology of rock glaciers
K.C. Burger, J.J. Degenhardt Jr. and J.R. Giardino 93
Geomorphology and the urban tropics: building an interface between research and usage
A. Gupta and R. Ahmad 133
A geomorphological strategy for conducting environmental impact assessments in karst areas
G. Veni 151
Landslide hazard evaluation: a review of current techniques and their application in a multi-scale study, Central Italy
F. Guzzetti, A. Carrara, M. Cardinali and P. Reichenbach 181
Forest engineering implication of storm-induced mass wasting in the Oregon Coast Range, USA
C.L. Rosenfeld 217
Fluvial geomorphology and river engineering: future roles utilizing a fluvial hydrosystems framework
D.J. Gilvear 229
Engineering geomorphology at the cutting edge of land disturbance: erosion and sediment control on construction sites
J. Harbor 247
Time and the persistence of alluvium: River engineering, fluvial geomorphology, and mining sediment in California
A. James 265

[†] Deceased.

Principles of engineering geomorphology for managing channel erosion and bedload transport, examples from French rivers
J.-P. Bravard, N. Landon, J.-L. Peiry and H. Piégay 291
Effectiveness of sediment control structures relative to spatial patterns of upland soil loss in an arid watershed, Wyoming
R.A. Marston and L.S. Dolan 313
Hydrologic processes and geomorphic constraints on urbanization of alluvial fan slopes
A.P. Schick, T. Grodek and M.G. Wolman 325
Source-to-sink sediment transfers, environmental engineering and hazard mitigation in the steep Var River catchment, French Riviera, southeastern France
E.J. Anthony and M. Julian 337
Use of hydrogeomorphic concepts to design created wetlands in southeastern Virginia
G.R. Whittecar and W.L. Daniels 355
Decades of change: contributions of geomorphology to fluvial and coastal engineering and management
J.M. Hooke 373
Engineering geomorphology on the coast: lessons from west Dorset
D. Brunsden and R. Moore 391
Sea floor engineering geomorphology: recent achievements and future directions
D.B. Prior and J.R. Hooper 411

Erratum 441
